RESOLUTIONS

WHEREAS, our Brother James
Harper, formerly a citizen of Bath
county and a member of Bath Lodge
No. 55 F. & A. M., but who later de-
mitted to Catlettsburg Lodge No. 1,
and who was suddenly called on De-
cember 2nd, 1919 before the Supreme
Master of the Universe to receive
the supreme wages of a Craftsman,
worthy and well qualified; now there-
fore

BE IT RESOLVED that Bath
Lodge No. 55 deeply laments the
passing of our brother, who was
known and loved by each and every
member of our Lodge, and held in
high esteem by everyone who knew
him; but bowing in humble submis-
sion, we question not the wisdom of
the Supreme Master who ruled over
all.

BE IT RESOLVED that we here-
with extend to the bereaved family
the deep and earnest sympathy of
every member of this Lodge; and
while they are bereft of the presence
of the one they loved, we would add
this word of consolation:—It was
God's will to call him from the cares
and trials of an earthly life to dwell
in the eternal sunshine radiating
from the presence of a Loving Heav-
enly Father, there to await, to wel-
come and receive those who donned
the uniform of your country and
took an active part in order that vic-
tory might crown your efforts and
make the United States of America
the teacher of the whole world that
Democracy shall reign supreme, to
now express your true citizenship
by becoming a member of the organ-
ization that means to perpetuate and
keep fresh in the minds of the Amer-
ican people a one hundred per cent
Americanism.

BE IT FURTHER RESOLVED
that these resolutions be spread up-
on the minutes of our lodge, that they
be published in the Owingsville
Outlook, and that a copy be sent to
the family and to the lodge of our
deceased brother.

American Legion Has Meeting

At a meeting of the Bath Post of
the American Legion at their Hall
last Thursday night Shandlin Piper
and Clark Lane were added to the
monument committee. The committee
is composed of W. S. Thomas, Alex
Goodpaster, Shandlin Piper, Clark
Lane, and J. J. Lacy for the civilian
end of it, who is chairman. Sub-
committees will be appointed later and
will be composed of service men and
civilians, especially ladies to assist
in soliciting funds. The national
drive for membership in this organ-
ization started December 10th and
will continue to the 1st of January.
The local Post expects to enroll ev-
ery service man in Bath county.

THAT WONDERFUL CLOCK

The wonderful clock has been re-
ceived by Farmers Bank and has
been placed on their front window
immediately in front of the safe that
is there. The clock consists, so
far as anyone can see, merely of a
dial and two hands and has everyone
who sees it guessing at what makes
it run. It is a well-known axiom
that money makes the mare go, and
the old negro who said that it was
the money jack of it that made
the clock go, may be as good a
story as many offered. The clock keeps
correct time and if you move either
of the hands in either direction it will
immediately return to its rightful
place when you let go of it. Take a
look at it when passing and see if
you can tell what causes it to run.

NOTICE TO SUBSCRIBERS.

We have been notified by the West-
ern Newspaper Union, from whom
we buy the paper on which the Out-
look is printed, that beginning Dec.
1, the price of the paper for each
issue would be increased 60 per cent.
While we regret the necessity, this
makes it imperative for us to in-
crease the subscription to the Out-
look from its present price of \$1.25
to \$1.50 a year or print the paper at
a loss, and this latter we do not feel
able to do. The aggregate loss would
be considerable while the increase to
individual subscribers would be but
a trifle. Therefore beginning Jan. 1
the price of the Outlook will be \$1.50
a year or 75c for 6 months.

Coal Strike Comes to End.

The strike of the bituminous coal
miners, involving over 400,000 men,
which practically had the business
of the whole country tied up for five
weeks, has been settled, most of the
miners returning to work Friday and
shipment of coal from the mines re-
sumed Monday. Restrictions in re-
gard to the use of coal, which were
working a hardship especially on
merchants, manufacturers and la-
borers have been removed.

AMERICAN LEGION DRIVE

Bath Post No. 42 American Legion
has been organized and we now have
36 members, or at least that many
have presented their applications and
been passed on. We are making a
special drive in order to enlist all the
boys who saw service in the late war,
beginning December 10 and ending
January 1, 1919. Every ex-service
man in Bath County is asked to be-
come a member of Bath Post No. 42.
You owe it to yourselves, to your
family and to your country to asso-
ciate yourself with an organization
that has incorporated within its
 creed a desire to defend your coun-
try and uphold its Constitution, to
maintain law and order, to keep fresh
in your memory and perpetuate a
one hundred per cent. Americanism,
to stand for the promotion of peace
and good will to all peoples of the
entire world, to have that desire to
live in your respective communities
and elevate the morals of the com-
munity and be the means of incu-
cating in the minds of the people a
desire to make America the greatest,
the best, and the happiest nation in
the world. Now that is what the
American Legion stands for. That
is what it is organized for. It is up
to you who braved the many obsta-
cles and dangers when you donned
the uniform of your country and
took an active part in order that vic-
tory might crown your efforts and
make the United States of America
the teacher of the whole world that
Democracy shall reign supreme, to
now express your true citizenship
by becoming a member of the organ-
ization that means to perpetuate and
keep fresh in the minds of the Amer-
ican people a one hundred per cent
Americanism.

A great victory for the American
Legion has been won by the passage
in Congress of the Wolcott-Johnson
Bill to which President Wilson has
affixed his signature, officially in-
corporating the American Legion as
the National Organization of the
American veterans of the great World
War. I wish to add just here that
no other association of this kind
ever been thus honored by Congress
in the history of the United States
as has been the incorporation of the
American Legion. Incorporation over
the signature of the President
means that the American Legion has
arrived and that it is here to stay—
that it has been a potent factor in
the National life of America.

The American Legion now has a
membership in the United States of
1,000,000 and it is growing fast. The
men seeking membership without be-
ing solicited and it is only a short
time hence when all the four million
men will have become full fledged
members of the organization. So
come on boys and enlist yourselves
with us and help us make Bath coun-
ty better by having lived in it.

Bath Post No. 42 has appointed a
committee composed of Alex Goodpaster,
W. S. Thomas, C. B. Lacy, J. J. Lacy,
J. J. Lacy of the Legion Memorial and
Mr. J. J. Lacy of the citizens. To
head the Committee, said Com-tee
to be known as the Monument Com-
mittee. This Committee will solicit
funds for the purpose of erecting a
monument in front of the Court house
to the memory of the boys who lost
their lives in the late war. The mon-
ument to cost not less than \$1,000.
Now I earnestly hope that the citi-
zenship of Bath county will be pa-
triotic enough to subscribe liberally
to this Monument fund. This mon-
ument will perpetuate the memory of
those dear boys who gave up their
lives that Bath county might live.
Let us subscribe a sum of about
\$5,000. It will be money well spent
and you will have a monument here
that you all will be proud of. Each
Bath county man, who lost his life
while in the service, will have his
name inscribed thereon. I have asked
that this Committee get together
and map out and plan a campaign.

By becoming a member of the
American Legion the yearly dues are
only \$2.00, one dollar of which goes
to the State and National Organiza-
tion, and one dollar goes to the local
Post. It is a very small fee and ev-
ery boy who was in the service can
well afford to become a member for
so small a fee.

Bath Post will meet its regular
session next Saturday night at 7 o'-
clock in County Attorney's office at
Court House. I am requesting a full
attendance of the membership at that
time as we have some important busi-
ness that will come before the Post.
All the boys who have presented their
applications for membership are re-
quired to be present.

D. W. DOGGETT,
Commander.

ceum course are on sale at Camp-

THE MAKING OF A FAMOUS MEDICINE

How Lydia E. Pinkham's Vegetable Compound Is Prepared For Woman's Use.

A visit to the laboratory where this successful remedy is made impresses even the casual looker-on with the reliability, accuracy, skill and cleanliness which attend the making of this great medicine for woman's use.

Over 350,000 pounds of various herbs are used annually and all have to be gathered at the season of the year when their natural juices and medicinal substances are at their best.

The most successful solvents are used to extract the medicinal properties from these herbs.

Every utensil and tank that comes in contact with the medicine is sterilized and as a final precaution in cleanliness the medicine is pasteurized and sealed in sterile bottles.

It is the wonderful combination of roots and herbs, together with the skill and care used in its preparation which has made this famous medicine so successful in the treatment of female ills.

The letters from women who have been restored to health by the use of Lydia E. Pinkham's Vegetable Compound which we are continually publishing attest to its virtue.

A Contradiction of Terms. She—Did you read this article on the decay of home life?

He—Yes, and it's all rot.

WHY DRUGGISTS RECOMMEND SWAMP-ROOT

For many years druggists have watched with much interest the remarkable record maintained by Dr. Kilmor's Swamp-Root, the great kidney, liver and bladder medicine.

It is a physician's prescription. Swamp-Root is a strengthening medicine. It helps the kidneys, liver and bladder to do the work nature intended they should do.

Swamp-Root has stood the test of years. It is sold by all druggists on its merit and it should help you. No other kidney medicine has so many friends.

Be sure to get Swamp-Root and start treatment at once.

RECOGNITION OF IRISH BRINGS STORMY SCENE

DECORUM OF HOUSE IS BROKEN AS CROWD APPLAUDS OR JEERS OPPOSING HEADS.

Advice Is Shouted To Members of Board—Through Includes Leaders of Celtic Insurgents—Republican Chiefs Are Called Pro-Germans.

Western Newspaper Union News Service. Washington.—The claim of the Irish Republic to recognition as an independent Government was brought to Congress again and was debated in militant fashion through a tempestuous session of the House Committee on Foreign Affairs.

A crowd which jammed the committee room and blocked adjoining corridors punctuated proceedings with cheers and with shouts of disapproval as the opposing speakers presented their arguments, and a number of times threw the session into disorder by yelling gratuitous advice to the committee and witnesses.

The crowd included leaders of the cause of Irish freedom in this country and manifested in various ways its sympathy with the Irish Republic, and a number of times threw the session into disorder by yelling gratuitous advice to the committee and witnesses.

The occasion was committee consideration of a bill by Representative W. E. Mason, Illinois, Republican, which would appropriate funds for dispatch of diplomatic and consular representatives to the Government set up by insurgent Irish Republicans.

Its supporters declared it presented an opportunity for Congress to do all it could constitutionally toward a full diplomatic recognition and its opponents condemned it as an effort to involve the United States in a dangerous foreign situation.

Late in the session charges of pro-Germanism on the part of Irish Republican leaders and certain of their supporters in this country threw the meeting into a furor, which the committee quelled with difficulty after the chairman had warned against insults to witnesses.

Interruptions continued until the committee's plan of concluding was abandoned, and the arguments will be resumed. Justice Daniel F. Cohan, of New York State Supreme Court, and Frank P. Walsh, who headed the Irish-American delegation sent to Paris to present the case for recognition, were present.
